

Rainbow Evacuation

At Orem Elementary we have an evacuation plan. This plan is only used when the principal activates the plan. The students are organized into neighborhoods and will be sent home as you (the parent or guardian) request. The map of the neighborhoods is in the hall by the office.

As part of our Rainbow Evacuation we need parental permission. Please indicate your choice by circling one of the options below.

1. After checking in with the neighborhood parent my child (children) is permitted to walk home by themselves.
2. After checking in with neighborhood parent, my child (children) will walk home accompanied by the neighborhood parent.
3. After checking in with the neighborhood parent, my child (children) does not have permission to walk home. They are to remain at the designated evacuation location with a school representative.
